针对目前中国市场对更精准技术和产品越来越大的需求，制造业也逐步紧缩研发时间和成本，3D打印技术因而备受业界青睐。愈益广泛地应用于高精度及复杂的原型设计上。2020年2月26至28日，3D Printing Asia广州国际3D打印展继续引领增材制造工业应用领域，汇聚国际知名3D打印品牌，为制造业带来先进的工业级和桌面级3D打印设备，快速成型、CAD/CAM软件开发、逆向工程等产品和技术，凸显有关技术的飞跃发展和显著成果。

In light of the increasing demand and higher requirements for precise technologies and products in China, the manufacturing industry now gradually aims to minimise the development time and cost. 3D printing technologies therefore have become more popular within the industry, and are widely applied on complex prototyping with high precision. On 26-28 February 2020, 3D Printing Asia Expo will continue to lead the manufacturing industry by gathering international 3D printing companies, and demonstrating the technological breakthroughs and future trends in 3D printing, rapid prototyping, CAD/CAM software development, reverse engineering and others.

## 2019 年亮点 Show Figures

988\*

家来自20个国家和地区的参展商  
exhibitors from 20 countries and regions

98,776\*

名专业观众，来自45个国家和地区（相对2018年增长37%）  
visitors from 45 countries and regions (37% increase from 2018)

62,000\*

平方米展出面积  
sqm of exhibition space across 5 halls

80\*

个高峰会议及技术研讨会会议  
mould, die casting and additive manufacturing related seminar and summit topics

252\*

个采购团，包括比亚迪、一汽大众、富士康、格力、华为、联想、美的、P&G、TCL等知名品牌  
visitor delegations from famous brands including BYD, Faw-Volkswagen, Foxconn, Gree, Huawei, Lenovo, Midea, P&G, TCL and others

## 观众评价

### Visitor endorsements

「今年展会也没令我失望，展会首日我便已成功找到了三家素质优良的展商，包括两家3D打印厂商和一家扫描器公司；此外我同时也和一些新的展商建立了联系，期待后续有机会深入合作。我对于展会带来的展商种类、质量和数量感到很满意，事实上展会亦成功让我结识到不少中国的合作伙伴，而且展会中的新品发布会、研讨会等活动对我们买家来说益处很大，很多大企业研发出的新产品也拓宽我们的眼界。总体来说我已经达到了参展目标，明年有机会我还会再来的。」

Mr Ibrahim Kalfaoglu, Director, Genceller A.S. Co Ltd

"I am satisfied with the show this year. First day of the show, I have already successfully found three excellent suppliers: two 3D printing manufacturers and a scanner company. In addition, I have made some connections with some new exhibitors, looking forward to further cooperation with them in the future. In a word, I am very satisfied with the show's variety and exhibitor quantity and quality. Moreover, during the exhibition, I met many great Chinese partners. Moreover, new product release conferences and seminars in the exhibition are of great benefit to buyers like us. Generally speaking, I have achieved my goal of visiting asiamech. I will come again next year if my schedule suits."

## 演讲嘉宾评价

### Voices of speakers

「3D打印是近几十年来最重要的技术之一，并可广泛应用于许多领域，有助确保产品保持一定的质量和加快生产周期。研讨会不但为讲者提供绝佳机会去指明行业现时的最新趋势，也为业界提供分享见解的交流契机。」

湖南华曙高科技有限责任公司，3D应用技术经理，王鹏为先生

“3D printing is one of the most important technologies in recent decades, and can be widely applied in many fields. It helps to ensure the products are up to a certain quality consistently and speed up the production process. The seminar provides us an excellent opportunity to speak about the current industry trends and a great chance for the industry's peers to share insights in one place.”

Mr Wang Pengwei, Technical Manager of 3D Application, Farsoon Technologies

## 听众评价

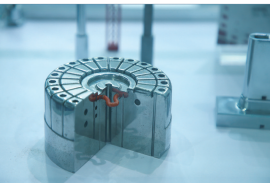

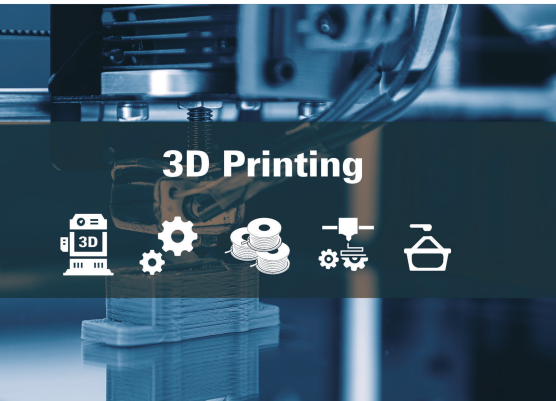

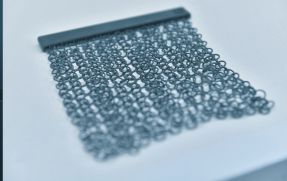

### Audiences' feedback

「我一共参加了六场研讨会，它们不但都深入讨论行业当前面临的问题，更为观众提供许多实用的见解和新资讯。通过一系列具前瞻性的研讨会，与会者进一步了解市场的需求，这无疑协助我公司在未来生产出更优秀的产品。」

江苏威拉里新材料科技有限公司，营销总监，张维小姐

“I attended six seminars and all of them addressed the current issues facing the industry and provided a lot of insights and useful information to the audience. Through the seminars, I gained better understanding towards the market's demand, and it will definitely help my company to produce better products in the future.”

Ms Wei Zhang, Marketing Director, Jiangsu Vilory Advanced Materials Technology Co Ltd
